JOINT COMMUNIQUE #2

January 7, 2009

The Ontario-Montclair School District and Ontario-Montclair Teachers Association met for its fourth negotiations session on January 7, 2009.

The teams:

- Discussed site schedules during Parent Conference Week and determined that dismissal time should be the same on each day. If bus transportation is an issue at any site, the Association and District will develop an MOU. If legally possible, the change would go into effect for the second trimester conferences at all sites.
- Reviewed, discussed and revised an MOU for developing site plans to implement a zero/7th period schedule to meet the instructional needs of students. The MOU also covers pay for unit members that volunteer to teach an additional period during their prep period.
- Brainstormed interests, solutions and information needed as it relates to the frequency of evaluations.
- Canceled the session scheduled for January 15.
- Deferred the discussion of money issues until information is available regarding the State Budget.
- The next session is scheduled for January 29, 2009.
